The **Description** field controls the text that is displayed for the payment option. Click on the Field to open an edit box. When finished with your edit, click on the Save button to save or the Cancel button to exit without saving.

Tech Note
The Description field only controls the text description, it does not change the calculation.

Done

The Number of payments
parameter is the numeric setting that controls the denominator (divisor) in the formula for calculating the budget payment amount. Click on the Field to open an edit box. When finished with your edit, click on the Save button to save or the Cancel button to exit without saving.
