

Destwin Quick Reference
Console Version 1.3
How to Set CSR Over-rides
17-APR-09

CSRs can be allowed to have discretion for discounts and gallons. This Quick Reference describes how to set these parameters.

Discount

1. Go to Site Parameters
2. Enter the maximum discount in cents in the box next to - 'Maximum Discount for Program Rates (in cents per gallon)'
3. Click on Save Parameters

Gallons

1. Go to Advanced Site Parameters
2. Find the parameter that says - 'Allow CSR to put in any amount of gallons (if applicable)?' - *(note - on some systems specific text may vary)*
3. Set to - Yes - to enable, - No - to disable.
